### Modenesse Luxury Classic Furniture: Timeless Excellence

Modenesse Furniture combines tradition, creativity, design and close attention to detail, giving form to furniture of great prestige that makes no compromise in terms of the functional aspects that are more in demand than ever in modern furnishings. Captivating silhouettes and elegant choices of colour highlight every object and give life to a harmoniously classical setting. Modenesse Luxury Classic Furniture is a collection that is also outstanding for the minutely selected finishing touches where the choice of materials occupies a place of honour. Modenesse discerningly combines different woods, finishes, leathers, velvets and damasks in an aesthetic and striking equilibrium that is the embodiment of excellence.

The Modenesse Luxury Classic Furniture catalogue is very rich and varied. It features furniture for bedrooms and for dining rooms and extends into a multifarious collection of complements for the entire house, all items characterized by a quarter-century and entirely original creativity.
