Modenese Gastone

LUXURY CLASSIC INTERIORS

SINCE 1818

HANDMADE IN ITALY

The art of living
in good taste

Modenese Gastone manufactures high-end furniture
and creates bespoke interiors since 1818.

The two centuries of traditions, passion and a pure Italian taste.

www.modenese-gastone.com

For the first time in its history, the event was attended by members of the Russian government and, in particular, by Alexander Morozov, Deputy Minister of Trade and Industry of the Russian Federation who also took part in the opening press conference: "Growing together; an eye to the future." The meeting between FederlegnoArredo President Roberto Snaidero and Minister of Trade and Industry of the Russian Federation, Denis Valentinovich Manturov was also highly important. They discussed the difficulties facing Italian furnishing sector companies in tackling the Russian market and FederlegnoArredo's wish to continue to invest in a strategic area.

В первый раз за время своего проведения, выставку посетили члены правительства Российской Федерации: в частности, Александр Морозов, заместитель министра промышленности и торговли Российской Федерации, принял участие в пресс-конференции «Расти вместе: взгляд в будущее», приуроченной к открытию выставки. Важным событием выставки стала встреча, состоявшаяся между президентом FederlegnoArredo Роберто Снадейро и министром промышленности и торговли Российской Федерации Денисом Мантуровым. Среди обсужденных тем – проблемы, которые испытывают итальянские компании из мебельной отрасли на российском рынке и стремление FederlegnoArredo продолжать инвестировать в стратегическую область.

Per la prima volta nella sua storia, la manifestazione – organizzata da Federlegno Arredo Eventi in collaborazione con ICE, Agenzia per la promozione all'estero e l'internazionalizzazione delle imprese italiane – ha visto la presenza di membri del Governo russo, in particolare di Alexander Morozov, viceministro dell'Industria e del Commercio della Federazione Russa intervenuto anche alla conferenza stampa di apertura Crescere insieme; uno sguardo verso il futuro. Di grande importanza, inoltre, l'incontro tra il presidente di FederlegnoArredo, Roberto Snaidero, e il ministro del Commercio e dell'Industria della Federazione Russa, Denis Valentinovich Manturov. Tra i temi discussi le sfide che le imprese italiane del settore arredo stanno affrontando nel mercato russo e la volontà di FederlegnoArredo a continuare a investire in un'area strategica.
